Call to Order The workshop was called to order at 5:02 p.m. A quorum was present.

Berry explained the budget information provided to the Council members. She informed the group that today's workshop was to go over the general fund budget and levy and discuss ways to amend or adjust the figures that were adopted as preliminary at the September 29, 2015, Special Meeting. Berry noted that everything being discussed today were options and that the Council would have opportunities at both the November and December regular meetings to adopt changes to the budget proposals being drafted today and in the interim weeks. Berry will adjust the budget figures based on today's discussion and incorporate them for the next regular meeting along with any other adjustments that come up in the interim.

The council proceeded to go through the general fund and discuss ways to modify various line items for the next hour or so.

The workshop was adjourned at 6:22 p.m.

Respectfully submitted by,

Darla Berry
City Clerk
